Summary

Full-stack developer specializing in TypeScript, Next.js and Node.js, experienced in modernizing legacy systems, optimizing server performance and running production on Docker and Linux.

EXPERIENCE

Orion Marítima, Santos-SP, Brasil — 09/2024 - Present

Software Engineer — **Tech Stack:** Next.js, TypeScript, Node.js, PostgreSQL, Docker, Nginx

- **System Modernization:** Led the rebuild of a legacy port-access request system in Next.js/TypeScript, replacing a manual email process and cutting the time per request from minutes to seconds.
- **Performance & Cost:** Diagnosed recurring server freezes caused by memory exhaustion and reworked the Docker setup for production, cutting RAM usage by over 50% and avoiding a hardware upgrade.
- **Full-Stack:** Built Node.js/TypeScript systems from scratch, designed for availability and maintainability.
- **DevOps:** Run Ubuntu Server production (Docker, Nginx, PM2) with zero-downtime blue-green deploys.
- **Leadership:** Lead developer on a 2-person team; mentored a junior developer and set code standards.

Projects

Mobile Application — **Tech Stack:** React Native, TypeScript, Python - Link to Project

Bitewise (AI-Powered Mobile Application)

- Developed a cross-platform React Native/TypeScript app for automated nutrition tracking.
- Integrated a custom YOLOv9 AI model (via a Python backend) to automatically recognize foods from photos and estimate their nutritional values.
- Fine-tuned a COCO-pretrained YOLOv9 model on a 1,000+ image food dataset

EDUCATION

Unip - [Santos - SP, Brasil] — Graduated - 12/2025

Bachelor's in Computer Science

Etec - [Itanhaém - SP, Brasil] — Completed - 12/2021

Technical Course in Web Development, integrated with high school

SKILLS

- **Tech Stack:** TypeScript, JavaScript, Python, SQL.
- **Frontend & Mobile:** Next.js, React Native, NativeWind, Figma (UI/UX Design).
- **Backend:** Node.js, Golang, Python.
- **DevOps & Infrastructure:** Docker, Ubuntu Server, Nginx, PM2, Portainer, Git/GitHub.
- **Languages:** C1 English proficiency, native Portuguese.
